INDEX TO VOLUME 10

METAL TRADES

January to December, 1919

23V9 204

Page

A

Accident prevention, shop-lighting as a means of..... C. W. Price.... 313
Reduction, a foreman's bonus and its effect on.... 493
Accidents, California industrial 312
Acetylene, effect of impurities in, on quality and cost of welds 141
Aerial transportation, proposed system of world..... 455
Aeroplane, future developments...Dana R. Ogden.... 166
Engine of the Union Gas Engine Co..... 333
Engines, manufacture of crank-shafts for..... Richard Vosbrink.... 219
Aeroplanes, new requirements for..... 554
Agriculture and the metal trades...A. T. Parsons.... 59
Air, the efficient compression of..... Charles A. Hirschberg.... 307
Alameda, Bethlehem turbine shop at..... 103
Albina Engine & Machine Works.....380, 525
Alloy, pyrometer, for brass and bronze furnaces..... 329
Alloys, aluminum and copper..... 140
Of non-ferrous metals, hardness of..... 305
Proposed association for research in..... 546
Alloy steels, heat treatment of, for aeroplane parts.... 184
Aloxite and carborundum abrasives..... 427
Aluminum alloys, some new..... 359
And copper alloys 140
Solders for 219
American Can Co..... 429
American Coin Register Co., quantity production by the 398
American Engineering Standards Committee, the work of the 316
American Foundrymen's Association, meeting of..... 322
Americanization .....Editorial.... 4
And the industries 504
American Malleable Castings Association..... 240
American Manganese Steel Co., manganese-steel making by the 387
American merchant marine after the War..... Robert Dollar.... 20
American shipbuilding, current 130
American standard of living.....Editorial.... 290
American Steel Treaters' Society..... 194
National convention of the..... 459
American Welding Society 148, 194
Annealing furnace for crucibles..... 73
Anderson-Barngrover Co., manufacture of machinery for the fruit industry by the..... 537
Angle-plate, the universal 428
Apprentice of today, a few remarks on the foundry... John Hedley.... 279
Question, the .....Editorial.... 243
Question, vocational education and the..... Editorial.... 289
Apprenticeship and vocational training, committee of California Foundrymen's Association discusses. 470
Limitation of .....Editorial.... 479
Arc-welds, inspection of metallic-electrode..... E. S. Eschholz.... 18
Armistead-Ashley Engineering Corporation 572
Armored motor-car for the War Department, Hall-Scott Motor Car Co., constructs..... 94
Associated Pipe Line Co.....424, 526
Associations, employers .....Editorial.... 432
Australia, foundry practice in, as seen by a native.... Robert Albury.... 132
Automobile repairing, some gauges and tools for..... 536
Special fixtures for facilitating..... 440
Automobile repair work, determining charges for..... 494
Automobiles repaired without pain..... 435
Automobile springs, heat treating..... 140
Making and Tempering 94
Automobile turntable 518
Automobile work, speeding up production on..... 542
Autogenous welding, rules for repairing boilers by.... 167
Automatic valve in oil line..... 379
Axelson Machine Co..... 572

Page

B

Baily electric furnaces for melting non-ferrous metals.. 366
For soaking, annealing, and heat treating..... 411
Baird, Frank 93
Bakelite Micarta-D 381
Baker Iron Works..... 284
Baker R. & L. Co. truck..... 472
Bandsaw and sander, combination..... 422
Banquet of the California Foundrymen's Association, fifth annual 39
Bean Spray Pump Co., plant, employment methods and profit-sharing at 483
Beckman & Linden Engineering Corporation..... 284
Bell, A. F. L..... 572
Belt-drive, short-centre, on lathe..... 476
Belting economy, common sense of..... 523
Bench-machine for woodworking shops..... 331
Bench-planer, the Wallace 474
Berger & Carter Co.....428, 525
Best, C. L., Gas Tractor Co..... 239, 285
Grinding at the plant..... 291
Heat treating at the..... 531
Methods of handling and conveying material at the. 178
Best Steel Casting Co.....477, 526
Making steel castings by the..... 199
Bethlehem turbine shop at Alameda..... 103
Binckley, George S..... 50
Blast-furnaces, production of ferro-manganese in.... 127
Blaw-Knox Co. 572
Blystone sand-mixer, the 423
Boiler-shop, new, of the Moore Shipbuilding Co..... 47
Bolt, the nut-less, for ship riveting..... 568
Bolts and spikes from scrap.....Letson Balliet.... 168
Bonus, a foreman's, and its effect on accident prevention 493
Book of a thousand excuses for all persons connected with the foundry trade.....42, 135, 278, 327, 376, 467, 515
Book reviews:
Abrasives and abrasive wheels..... 415
American highway engineer's handbook..... 143
American machinist shop note-book 416
American methods in foreign trade..... 146
Analysis of babbitt..... 415
Applied mechanics 145
Applied science for metal workers..... 571
Astronomy for surveyors 415
Bookkeeping and cost accounting for factories.... 145
Broaches and broaching 416
Business law 145
Chemical calculation tables 415
Construction of graphical charts..... 417
Conveyance and distribution of water for water supply 146
Core-making 98
Electric welding 144
Engineering descriptive geometry and drawing.... 416
Essentials of alternating currents..... 282
Examples in magnetism 282
Excavation methods, machinery, and costs..... 418
Foundry practice 517
Gages, gaging, and inspection 146
Galvanizing and tinning 282
Gasoline and kerosene carbureters 282
Governors and governing of prime movers..... 517
Graphic methods for presenting facts..... 283
Handbook of machine-shop electricity..... 147
Of mathematics for engineers 144
Of mechanical and electrical cost data..... 416
Of piping 145
Heat and heat-engines 517
Induction-coils in theory and practice..... 415
Inductive interference between electric power and communication circuits 571
Industrial electro-metallurgy 517
Industrial goodwill 418

529029

Book reviews:
Instructor, the man, and the job 145
Introductory mathematical analysis 282
Iron and steel 415
Irrigation engineering 418
Liquid fuels for internal-combustion engines 417
Making the small shop profitable 282
Man to man, the story of industrial democracy 283
Mathematics for engineers 417
Mechanisms and mechanical movements 146
Metallic alloys 417
Metal statistics, 1918 282
Metal-workers' handbook of receipts and processes. 418
Modern shipbuilding terms 144
Mutual interests of labor and capital 571
Office administration 282
Office management 417
Oxy-acetylene welding manual 415
Practical mathematics for home study 517
Public-utility rate-fixing 144
Punches and dies 416
Scrap metals 283
Shop management and systems 146
Steam-engines 146
Steam-engine troubles 415
Steam turbines 517
Storing 145
Strength of materials 571
Techno-chemical receipt-book 517
Topographic stadia surveying 98
Turnover of factory labor 283
Walls, bins, and grain-elevators 416
Waterproofing engineering 417
Boston Scale & Machine Co 428
Boyle Manufacturing Co 572
Brass, different furnace types for melting of 141
Foundry at the Moore Shipbuilding plant 186
Foundry at the Union plant of the Bethlehem Corporation ..... T. A. O'Rourke 133
Foundry with automatic ventilation 140
Braun, C. F., & Co 477, 573
Manufacture of machinery at plant of 339
Braun-Knecht-Heimann Co. 193
Brewer, R. W. A 239
An interview 252
Bristol Co. 192, 567, 574
British Columbia, proposed electric smelting of iron ore in 135
Brown Brothers Welding Co 96, 192, 284, 574
Brownell, John R 285
Bucket, grab, for foundry work 422
Bureau of Standards, gauge laboratories of the 114
Activities of the 533
Burner for quick repair work 522
Byron Jackson Iron Works 50, 477, 571

C

California Corrugated Culvert Co., electro-galvanizing plant of 378
California Foundrymen's Association, committee of, discusses apprenticeship and vocational training 470
Fifth annual banquet of 39
California Metal Works 525
California Pattern Works 567
California Plating Works 477
California Tractor and Implement Association 98, 147, 239
Exhibit at Sacramento 248
California industrial accidents 312
Canton Foundry & Machine Co 518
Capital, a new source of ..... Editorial 4
Carburizing compounds, bituminous coal as a base for. 518
Carborundum and aloxite abrasives 427
Carnegie ..... Editorial 385
Carpenter, Rolla C 93
Casehardening furnaces, amount of gas required for .. 561
Casting cylinders for 'Caterpillar' tractors 513
Casting, die 265
Cast-iron, oxygen in, and its application ..... Wilford L. Stork 295
'Caterpillar' tractor, grinding track links for 553
'Caterpillar' traction, gun-carriage with 303
Celebes, iron ore in the 218
Census, methods of taking in 1920 ..... Editorial 528
Chain-screen door for furnaces and ovens, the Weigand 426
Chamber of Commerce, State, formed in Washington .. Editorial 51
Champion Foundry & Machine Co 478

Page

Charging the cupola and soaking the iron ..... W. W. Ellis 323
Chicago Pneumatic Tool Co 477
China and Chosen, iron production in 408
China, financing import trade with 269
Opportunities for trade with 222
Shipbuilding in 212
Chinese foundries 420
Market for machinery 216
Ores, low-sulphur pig from 466
Cinder-mills 424
City gas in the shipyards 505
Cleveland Milling Machine Co 284
Cleveland Pneumatic Tool Co 98, 147, 192, 239
Cleveland Twist Drill Co 430
Coal, bituminous, as a base for carburizing compounds. 518
Powdered, as a substitute for fuel-oil 46
Coal strike, the ..... Editorial 480, 529
Coke, metallurgical, outlook for, on the Pacific Coast .. 17
Cold-metal saws, Lea-Simplex 422
Collective bargaining on trial in San Francisco Bay district ..... Editorial 102
Columbia Steel Co 240, 430
Manufacture of steel castings by 5
Columnar crystallization of ingots, prevention of, by rotating the mold 136
Combustion Engineering Corporation 381
Commercial Federation of California .... Editorial 528
Commercial Metal & Machinery Co 478, 525
Committee, shop, the system ..... L. P. Alford 304
Competition ..... John E. Hax 469
Foreign ..... Editorial 337
Compression of air, the efficient ..... Charles A. Hirschberg 307
Compulsory investigation of labor disputes before striking ..... Editorial 527
Concrete shipyard on the Oakland estuary 182
Steamer, first British, launched 163
Contractor and the metal trades .... A. T. Parsons 117
Contractors' machinery ..... Editorial 53
Cook, H. N., Belting Co 573
Co-operation 87
Copper alloys, aluminum and 140
Concrete shipyard on the Oakland estuary 182
Steamer, first British, launched 163
Core-making formulas 44
Core-mixtures 237
Ditto ..... W. W. Mills 86
Ditto, for gas-engine cylinders ..... Joseph Silverfoote 134
Used at bay district foundries .... H. Wiemann 89
Core-oven, at plant of Standard Brass Casting Co 563
Core-ovens, pyrometers and ..... G. W. Keller 419
Cores, cost of 83
Why not? 327
Corrosion and protection of iron and steel ..... D. R. French 320
Cost records and credit terms 468
Crane for brass-foundries 520
Pontoon, at Mare Island 191
The locomotive, from a safety standpoint 547
The traveling, from a safety standpoint 488
Crank-shafts for aeroplane-engines, manufacture of .. Richard Vosbrink 219
Credit terms in Central America and the West Coast of South Africa 34
Cripples, training for industrial ..... Editorial 529
Critical point of steel, magnetic determination of 565
Crucibles, an annealing furnace for 73
The use and abuse of ..... A. C. Bowles 275
Cummings, E. W 478
Cupola, charging the, and soaking the iron ..... W. W. Ellis 323
Lining, the Molander system of 88, 138
Mixtures, the use of steel in .... W. J. Mulcahy 372
Soaking iron in the ..... C. M. Henderson 236
Curtis Pneumatic Machinery Co 382
Cutler-Hammer Manufacturing Co 574
Cutting-tools, carbon-steel, with high-speed steel tips .. 396
Cylinders for 'Caterpillar' tractors, manufacture of ... 513
Machining operation on cast-iron ..... Richard Vosbrink 406

D

Davis-Bournonville Co. 98
Defense of the present social order against radicalism. 481
Denver Fire Clay Co 192
Des Moines Bridge & Iron Co 97

Generated on 2024-09-30 02:00 GMT / https://hdl.handle.net/2027/uiug.30112007837682

Page
Destroyers, torpedo-boat 231
Disabled soldiers, training.....Editorial.... 384
Dixon, Joseph, Crucible Co..... 430
Die-casting 264
Die-head, adjustable 315
Dies and punches used by the Marchant Calculating Machine Co. 552
Diesel-engine units, practical limits to the size of..... 215
Dings Magnetic Separator Co..... 193
Disabled soldiers, reconstruction of..... Constance Drexel.... 16
Ditty Bros., Inc..... 477
Dodge Manufacturing Co..... 286
Dorward, David, Sr..... 241
Dow Pump & Diesel Engine Co..... 477
Dow, Wallace H..... 98
Dow, Wallace H., Pump Co..... 429
Draft, side-lights of the selective..... 159
Drake Lock-Nut Co.....46, 286, 478
Drake lock-nuts, use of automatic machinery in the manufacture of 250
Dredges, oxy-acetylene and electric welding on..... 257
Drill-head, four-in-one 331
Drill-speeder 521
Drill-vise 520
Drop-forging at the Kortick plant..... 474
Duralumin and its heat treatment..... 306
Dust, gases, and fumes, in metal-working plants, removal of.....J. J. Rosedale.... 223

E

Ebey, H. H..... 98
Edwards, J. Paulding, Co..... 525
Efficiency exceeding 100% obtained by inventor..... 80
Eight-hour law, the French..... 393
Electric-arc welding.....C. D. Fawcett.... 313
Ditto.....E. W. Hall.... 24
Electric-arc welding equipment.....H. L. Unland.... 355
Electric-arc welding, new hazards in..... Alfred W. Jansen.... 365
Electric drill 518
Electric drive for machine tools, comparative efficiency of various types of..... 165
Electric furnace, in the gray-iron foundry..... 465
Electric furnace, melting of non-ferrous metals and their alloys in the.....E. F. Collins.... 272
Electric furnace, the performance and equipment of a two-ton 93
Electric furnaces for heat-treating and shrinkage.... A. M. Clark.... 259
For melting of non-ferrous metals..... 366
For soaking, annealing, and heat-treating..... 411
In the steel industry 559
Electric Furnace Co..... 429
Electric industrial trucks in the metal trades..... 472
Melting of brass, different furnace types for..... 141
Smelting of iron ore in British Columbia, proposed. 135
Smelting of low-grade manganese ores..... 206
Steel, economical production of 391
Steel furnaces, in California..... 245
Steel plant in Canada, large..... 226
Tools, portable 330
Tool-tempering furnace 328
Welding 96
Welding cutting tools 350
Welding on the Rock Island lines..... 140
Electro-galvanizing plant of California Corrugated Culvert Co. 378
Electro-stylograph, the 567
Emigration bogy, the .....Editorial.... 384
Employers' Associations .....Editorial.... 432
Employment managers discuss problems of labor and unemployment 129
Hear officers of Retail Research Association..... 444
Employment management and the industrial future of the Pacific Coast....Roy Willmarth Kelly.... 452
Employment methods and profit-sharing at the Bean Spray Pump Co. plant..... 483
Employment service, the Federal....Editorial....54, 336
Engineering Standards Association.....Editorial.... 288
Engineers' Service Bureau established at San Francisco 27
Engines, manufacture of marine engines at the Joshua Hendy Iron Works.....H. S. Rexworthy.... 153
Engine, the Still .....Editorial.... 336
European and American foundry practice compared... A. O. Backert.... 563
Examination in industry, the physical..... 487

Page
Express packing-rules 521
Express shipments, proper marking of..... Stanley W. Todd.... 163
Eye-injuries in shops.....Editorial.... 149

F

Fairbanks, Morse & Co..... 97
Ferro-Alloy Co. 572
Ferro-manganese in blast-furnaces, production of..... 127
Fire prevention in the metal trades..... R. E. Swearingen....213, 261
Fixtures for facilitating automobile repairs..... 440
Flying boat, the NC type of..... 301
Foamite for extinguishing fires..... 328
Food administration .....Editorial.... 2
Forderer Cornice Works..... 97
Foraker, George 477
Foreign competition .....Editorial.... 337
Foreign trade and domestic .....Editorial.... 101
Building up, through a study of special requirement 543
Financing .....Editorial.... 150
Opportunities .....Editorial.... 197
Foreigners leaving America.....Editorial.... 196
Foreman's place in safety work..... 558
Forging, drop, at the Kortick plant..... 474
Large ingots 449
And press work, design of heating furnaces for.... 158
Forgings, heavy, at the Forrest Forge Co. plant..... P. J. Forrest.... 77
Foundation Co 284, 380
Founder or molder, the ancient and modern..... John Hedley.... 373
Foundries, Chinese 420
Of the San Francisco Bay district from 1870 until the present time 232
Foundry apprentice of today, a few remarks on the... John Hedley.... 279
At the Union plant of the Bethlehem Corporation.. T. A. O'Rourke.... 133
Of the Utah Copper Co.....Frank C. Janney.... 450
Practice, European and American, compared..... A. O. Backert.... 563
Practice in Australia.....H. E. Henderson.... 84
Practice in Australia as seen by a naitve..... Robert Albury.... 132
The electric furnace in the gray-iron..... 465
The Philo system in the..... 516
With automatic ventilation, a brass..... 140
Foundryman, the 325
Foundrymen's Club, industrial education and the..... 45
Fowler, Edward J..... 50
Fowler, John A..... 50
France, industrial reconstruction of Northern..... 67
Northern, occupied area in, damaged during German invasion 15
Reconstituting the devastated region of..... Pierce C. Williams.... 110
Freedom of the seas.....Editorial.... 2
Freight-rate changes .....Editorial.... 101
Freight-rates, on steel.....Editorial.... 383
French eight-hour law 393
Fumes, dust, and gases, removal of, in metal-working plants .....J. J. Rosedale.... 223
Fuse-plier, non-shock 189
Fusible plugs for boilers 396

G

Galvanizing plant, electro, of California Corrugated Culvert Co. 378
Gas as a fuel for rivet-making and rivet-heating..... Letson Balliet.... 544
Gas-engine cylinders, core-mixtures for..... Joseph Silverfoote.... 134
Gas in the shipyards..... 505
Gas-masks, use of army..... 130
Gas required for case-hardening furnaces, amount of.. 561
Gas-reversing valve, a new..... 141
Gauge laboratories of the Bureau of Standards..... 114
Gauging and interchangeability.....E. C. Peck.... 456
Gear-steels 410
Gears .....Edward Leslie.... 512
General Electric Co.....50, 572
General Motors Co..... 239
General Petroleum Co..... 477
German in the schools.....Editorial.... 150
German iron industry.....Arthur H. Redfield.... 413
German iron production during the War..... 269
